

ZOSTAVAX®

“Shingles Vaccine”

Visiting Nurse & Hospice of Fairfield County
now offers the Zostavax® vaccine
(*shingles vaccine*) as a one-time, live, attenuated vaccination
for the prevention of shingles and post-herpetic neuralgia
(*post-shingles pain*) for individuals who are 60 years and older.

The cost of Zostavax® vaccine is \$200 (*payable by cash or check*).
We regret that we are unable to offer third-party billing for this vaccine.

The Zostavax® vaccine will be administered by appointment only.
For more information or to schedule an appointment,
please call 203-762-8958, ext. 312.

NOTE: *Zostavax® is contraindicated in persons with a history of severe allergic reaction to neomycin, gelatin or any other component of the vaccine. Because Zostavax® is a live vaccine, it is also contraindicated in persons with AIDS, HIV, leukemia, lymphoma, primary immunodeficiency, cancer of the bone marrow, or pregnancy. Persons taking high doses of immunosuppressive therapy should not receive Zostavax®.*
