

BE A HOSPICE VOLUNTEER

Do you have time to do something meaningful?

Visiting Nurse & Hospice of Fairfield County offers a unique medical/holistic program of compassionate, in-home health care for those with a terminal illness. Our goal is to enhance the quality of life for patients and their families so that each remaining day can be lived in dignity with grace. Volunteers are integral members of the hospice team. They provide essential family support such as listening with empathy and without judgment, providing respite time for weary caregivers or simply holding a hand and being present. Each volunteer experience is unique and meaningful.

Prospective volunteers are required to attend a five-session training course and are provided with ongoing support and supervision by the Volunteer Coordinator.

September 21st, 28th, October 5th, 12th and 19th
Wednesdays from 9:30 a.m. – 2:30 p.m.
