

# BE A HOSPICE VOLUNTEER

*Do you have time to do something meaningful this summer?*

Visiting Nurse & Hospice of Fairfield County offers a unique medical/holistic program of compassionate, in-home health care for those with a terminal illness. Our goal is to enhance the quality of life for patients and their families so that each remaining day can be lived in dignity with grace. Volunteers are integral members of the hospice care team. They provide essential family support such as listening with empathy and without judgment, providing respite for weary caregivers or simply holding a hand and being present. Each volunteer experience is meaningful.

Prospective volunteers are required to attend a five-session training course and are provided ongoing support and supervision by the Volunteer Coordinator.
